

CASE STUDY

EXTENSION & RENOVATION

BEAUTIFULLY CRAFTED RENOVATION TO CREATE A FAMILY HOME

BG CONSTRUCTION'S SOLUTION

Mr and Mrs Taylor engaged BG Construction to build an extension and remodel their newly purchased home. They wanted to maintain the architectural style of the property and create a new layout to meet family needs. The original house had a small north facing kitchen, two entrances and long corridors that lacked a natural flow. BG Construction assisted with:

- Remodelling and renovation of the existing ground and first floor layouts with a two storey side and single storey rear extension. This was built to achieve an additional master bedroom with en-suite bathroom and walk in dressing room upstairs. The additional space downstairs was used to relocate the kitchen to the southern part of the house including both an open plan day room and dining area.
- Renovation of the existing five bedrooms and creating three bathrooms. Two of the bathrooms included hand picked luxury free standing roll top baths and walk in showers.
- Replacement of all windows and doors.
- Installation and crafting of a larger bespoke staircase.
- Complete electrical rewiring, light fittings and decorations.
- New plumbing, including under floor heating and gas central heating system.
- Laying parquet flooring and unique sized luxury tiles to the bathrooms.
- Paving and landscaping of the garden.

"We chose BG Construction after meeting with four contractors. Their pricing was competitive, they seemed extremely open and friendly; mostly we trusted them to delivery our life-long family home.

We had a good idea of how we wanted our home to look and the work we required. We also added in new elements during the build, to which BG Construction were fluid and flexible. They worked well with our architect and we were kept informed throughout the build process regarding our budget and timelines.

During the build, the whole team were friendly and nothing was too much trouble, they had a positive attitude and always found a way to make everything we wanted work. Their workmanship was excellent, each person was an expert at their trade and applied exceptional attention to detail.

BG Construction have helped us realise our perfect home and we highly recommend their services."
